

THE CIRLOT AGENCY
INCORPORATED

To Whom It May Concern:

Tyler Chambliss was recently selected to intern with the 2018 Sanderson Farms Championship in Jackson, Mississippi. The Sanderson Farms Championship is a part of the PGA TOUR, and is Mississippi's only professional sporting event.

Tyler is scheduled to work October 23–28. As an intern for the Championship, Tyler will be a member of the “Tweet Team,” which consists of five college-aged social media interns.

The Tweet Team is tasked with gathering images and relevant content for use on all Sanderson Farms Championship social media outlets. The team is primarily responsible for overseeing and developing content posted to the Sanderson Farms Championship Twitter account, @Sanderson_Champ, during the week of the tournament.

Tyler will work each day to gather images and create engaging content for social media. She will be asked to exhibit strong leadership skills and creativity, while meeting quick deadlines.

Thank you for excusing her absence from class to allow her to work with The Cirlot Agency and the Sanderson Farms Championship. We are fortunate to have him on our team.

Sincerely,

Halie Windham
Public Relations Strategist
The Cirlot Agency, Inc.
